The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 November 2025.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 November 2025 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

(a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Profit & Loss Account has not been delivered.

The financial statements were approved by the director and authorised for issue on 1 August 2026 and were signed by:

C McCann - Director

Notes to the Financial Statements
for the Year Ended 30 November 2025

1. STATUTORY INFORMATION

Practical Values Ltd is a private company, limited by shares , registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. There were no material departure from the standard.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements have been prepared under the historical cost convention.

Turnover
Turnover is derived from the consultancy services supplied by the company.

Turnover is measured at the fair value of services supplied, net of discounts and excluding value added tax, and is recognised at the point that the company obtains the right to consideration.

Goodwill
Goodwill, being the amount paid in connection with the acquisition of a business in 2014, is being amortised evenly over its estimated useful life of ten years.

Intangible assets
Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Tangible fixed assets
Tangible fixed assets held for the company's own use are stated at cost less accumulated depreciation and accumulated impairment loss.

At each balance sheet date, the company reviews the carrying amounts of its tangible fixed assets to determine whether there is any indication that any items have suffered an impairment loss. If any such indication exists, the recoverable amount of an asset is estimated in order to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of the asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Expenditure of £500 or more on individual tangible fixed assets is capitalised at cost. Expenditure on assets below this threshold is charged directly to the income statement in the period it is incurred.

Taxation
Taxation for the year comprises current and deferred tax. Tax is recognised in the Profit & Loss Account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

3. **ACCOUNTING POLICIES - continued**

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
