Notes to the Abridged Financial Statements

Year ended 31 December 2016

1. General information

The company is a private company limited by shares, registered in Scotland. The address of the registered office is North Main Street, Carronshore, Falkirk, FK2 8HT.

2. Statement of compliance

These abridged financial statements have been prepared in compliance with the provisions of FRS 102 Section 1A, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The abridged financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The abridged financial statements are prepared in sterling, which is the functional currency of the entity.

Transition to FRS 102

The entity transitioned from previous UK GAAP to FRS 102 as at 23 April 2015. Details of how FRS 102 has affected the reported financial position and financial performance is given in note 6.

Income statement

The company is dormant as defined by section 1169 of the Companies Act 2006. The company received no income and incurred no expenditure during the current year or prior period and therefore no income statement is presented within these abridged financial statements. There have been no movements in members funds during the current year or prior period.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

3. Accounting policies *(continued)*

Financial instruments *(continued)*

Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

4. Related party transactions

No transactions with related parties were undertaken such as are required to be disclosed under FRS 102.

5. Controlling party

The ultimate parent company is Alexander Ross Holdings Limited, a company registered in Scotland. Copies of the group financial statements can be obtained from Companies House, 4th Floor, Edinburgh Quay, 139 Fountainbridge, Edinburgh, EH3 9FF.

6. Transition to FRS 102

These are the first abridged financial statements that comply with FRS 102. The company transitioned to FRS 102 on 23 April 2015.

No transitional adjustments were required in equity or profit or loss for the period.
