The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 June 2017.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 June 2017 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The financial statements have been prepared and delivered in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors on 17 March 2018 and were signed on its behalf by:

Ms S Stenhouse - Director

Notes to the Financial Statements
for the Year Ended 30 June 2017

1. **STATUTORY INFORMATION**

Instastock Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

2. **ACCOUNTING POLICIES**

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Going concern

At the balance sheet date, the company's liabilities exceeded its assets by £8,959 (2016: £13,415). The company meets its day to day working capital from loans from the the director. Post year end, additional funds of £213,327 were received being the net funds received from an additional equity fund raising round. Based on the receipt of this additional funding, the directors believe it is appropriate to prepare the accounts on a going concern basis.

Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable are initially measured at present value of future cash flows and subsequently amortised at cost using the effective interest method.

Creditors payable within one year, typically trade payables, are measured, initially and subsequently at the undiscounted amount of the cash or other consideration expected to be paid.

Debtors payable within one year, typically trade debtors, are measured initially and subsequently at the undiscounted amount of the cash or other consideration expected to be received.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Notes to the Financial Statements - continued
for the Year Ended 30 June 2017

2. ACCOUNTING POLICIES - continued

Development costs

Development costs have been expensed to the profit and loss account as they have arisen. Although the director is confident that the project will be completed successfully and ultimately generate economic benefit for the company, there is still uncertainty around the market size, making it difficult to quantify the future economic benefit. Therefore, the development costs have been expensed rather than capitalised as an intangible asset.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 1 (2016 - 1) .

4. DEBTORS: AMOUNTS FALLING DUE WITHIN ONE YEAR
