1. General Information

Jmd Systems Limited is a private company, limited by shares, incorporated in Scotland, registered number SC618721 . The registered office is 5 South Charlotte Street, Edinburgh, EH2 4AN.

2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 section 1A Small Entities "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006.

2.2. Research and Development

In the research phase of an internal project it is not possible to demonstrate that the project will generate future economic benefits and hence all expenditure on research is recognised as an expense when it is incurred. Intangible assets are recognised from the development phase of a project if and only if certain specific criteria are met in order to demonstrate the asset will generate probable future economic benefits and that its cost can be reliably measured. The capitalised development costs are subsequently amortised to ... on a straight line basis over their expected useful economic lives, which range from ... to ... years.

If it is not possible to distinguish between the research phase and the development phase of an internal project the expenditure is treated as if it were all incurred in the research phase only.
