NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 OCTOBER 2023

1. STATUTORY INFORMATION

AB30 Developments Ltd is a private company, limited by shares, registered in Scotland, registration number SC676521. The registered office is Muirden Farm, Turriff, Aberdeenshire, AB53 4NH.

The principal activity of the company is development.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The presentational and functional currency of the financial statements is Pounds Sterling (£).

Going Concern

After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company therefore continues to adopt the going concern basis in preparing its financial statements.

Significant judgements and estimates

In preparing these financial statements, the directors are required to make judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

There are no significant judgements or estimates used in the preparation of these accounts.

Work in progress

Work in progress represents all costs associated with the development of properties which have not yet reached their date of practical completion.

Financial instruments

The company has financial assets and financial liabilities of a kind that qualify as basic financial instruments.

Debtors

Short term debtors are measured at transaction price, less any impairment.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances.

Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Provisions

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

NOTES TO THE FINANCIAL STATEMENTS - continued
for the year ended 31 OCTOBER 2023

2. ACCOUNTING POLICIES - continued

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
