Signal Solar Energy Limited
Balance Sheet (continued)
As At 31 December 2024

For the year ending 31 December 2024 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The company has taken advantage of section 444(1) of the Companies Act 2006 and opted not to deliver to the registrar a copy of the company's Profit and Loss Account.

On behalf of the board

Mr Iain Falconer

Director

29/09/2025

The notes on pages 3 to 4 form part of these financial statements.

Signal Solar Energy Limited

Notes to the Financial Statements

For The Year Ended 31 December 2024

1. General Information

Signal Solar Energy Limited is a private company, limited by shares, incorporated in Scotland, registered number SC716708 . The registered office is 2 Dalcroy Cottages, Tummel Bridge, Pitlochry, Perth, PH16 5NT.

2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 section 1A Small Entities "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006.

2.2. Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Sale of goods

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods has transferred to the buyer. This is usually at the point that the customer has signed for the delivery of the goods.

Rendering of services

Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs. Turnover is only recognised to the extent of recoverable expenses when the outcome of a contract cannot be estimated reliably.

2.3. Tangible Fixed Assets and Depreciation

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Motor Vehicles	25%
Computer Equipment	15%

2.4. Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Work-in-progress is reflected in the accounts on a contract by contract basis by recording turnover and related costs as contract activity progresses.

3. Average Number of Employees

Average number of employees, including directors, during the year was: 4 (2023: 4)

4. Tangible Assets

	Motor Vehicles	Computer Equipment	Total
	£	£	£
Cost			
As at 1 January 2024	21,000	1,199	22,199
Additions	5,625	183	5,808
As at 31 December 2024	26,625	1,382	28,007
Depreciation			
As at 1 January 2024	9,188	333	9,521
Provided during the period	4,359	157	4,516
As at 31 December 2024	13,547	490	14,037
